(Plato 400 b.C.)

"Music is a moral law.

It gives a soul to the Universe, wings to the mind,
flight to the imagination, a charm to sadness, gaiety and life to
everything. It is the essence of order, and leads to all that is good and
just and beautiful."

The Ensemble Bacchelli is a musical and cultural association whose aim is to promote the practice of ensemble music fostering and undergoing exchanges and experiments.

The number of members may vary from a small ensemble to an orchestra of about 45/50 musicians (strings, woodwind, brass, keyboards and percussion). With professionalism, reliability, passion and diligent commitment they carry on innovative projects of ensemble music which goes through a fusion of classical – pop - rock music which is very much appreciated by the audience. The result is the production of interesting sonorities created by traditional instruments with the contribution of rhythm support such as drums, electric bass and the decidedly modern timbre of electric guitar.

The EB's repertoire includes various genres, from the Baroque to the Classic, from lyric Opera to Operetta, from the 19th century Viennese tradition to popular music and famous movie soundtracks.

The Ensemble Bacchelli has close feeling with the production of a great deal of important Italian authors, due to their particular greatness and expressiveness as well as their fundamental contribution to history and tradition of Music.

The Ensemble Bacchelli's permanent conductor is Rita Bacchelli, a violinist and a musician. She can boast a long professional and educational experience and strongly supports ensemble music as a fundamental experience in the training process of professional and non-professional musicians, they who aim to know and to enjoy music as personal enrichment and spiritual experience.

The EB activates courses for children and adults of violin, viola, cello, piano, flute, horn, singing, choir, propaedeutic and ensemble music.
